

Call Off Scrimmage To Save Injuries

A scheduled inter-squad scrimmage under the lights in the Santa Ana Municipal Bowl, planned for tomorrow night, was suddenly cancelled yesterday by head grid coach Dick Hill.

"I felt," Hill said, "that the scrimmage would be of no real value to us." Pointing toward next weekend's practice game with a tough squad from Taft Junior College, Hill stressed the fact that, with injuries already taking their toll, he felt that an added tilt before the Taft meeting would only serve to tire, and perhaps injure the Don ball club.

Last public scrimmage was against the Falcons from Cerritos J.C. Hill went into that one with the Santa Ana club divided into three teams.

A leading contender for a guard position, Don Abbott, dropped himself from the squad early in the week. Although Abbott was unavailable for comment, rumors from the gridiron reports that his leaving the team was due to financial reasons. Abbott is married, and reportedly will remain on campus.

He was, according to reports, "scraping along on \$35 a week," although this does not coincide with his status as a veteran, supposedly receiving at least \$110,

and, married as he is, would be receiving \$135 each month, an admittedly difficult sum to survive on.

Team prospects were boosted yesterday, with the enrollment of Bill O'Brien, all star athlete from Laguna Beach High School.

Eligibility technicalities on several Don squad members were due to be cleared up at a meeting on the Santa Ana College campus yesterday of the Eastern Conference administrators.

SAC representatives were Dr. John Johnson, O. Carl Schulz and Lester Beals. Main item on the agenda for the Santa Ana representatives was the eligibility of Pervis Adkins, big gun in the Don backfield. According to coach Dick Hill, the question was "a slight technicality."

At "El Don" press time, the question of Adkins' eligibility had not been settled, with the meeting due to break up at 5 p.m.

Johnson, Schulz Take Over Top Administrative Positions

Dr. John E. Johnson stepped in this fall as President of Santa Ana College to succeed Dr. Daniel C. McNaughton, who resigned last spring.

Johnson has been on the College administrative staff for the past five years, holding positions as Dean of Men and Dean of the College in charge of admissions, registration, curriculum and faculty.

Occidental Trained

Having taken his science training at Occidental College, Dr. Johnson received his master's and doctor's degrees from the University of Southern California. He is a member of Phi Delta Kappa, an honorary fraternity for men in the field of education. Johnson has been secretary of the California Dean's Association, served on the accreditation team at Imperial Valley College, and is currently the athletic commissioner of the Eastern Junior College Conference.

Also active in civic affairs, Dr. Johnson has held prominent positions in the Red Cross, the Kiwanis Club, and on the YMCA board.

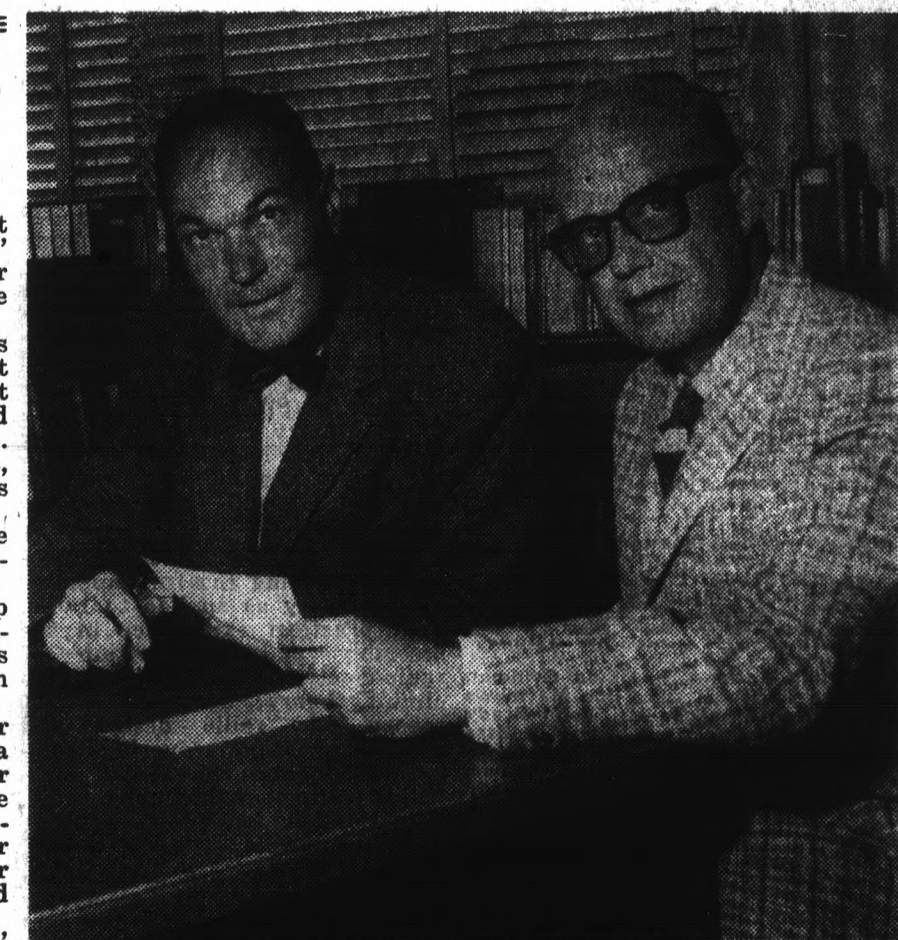

Successor as Dean of Instruction is O. Carl Schultz, professor of languages and philosophy at Santa Ana College for nine years.

Schultz received his B.A. and M.A. from Gonzaga University after work in both Loyola University in Los Angeles and the University of Santa Clara. He has also done extensive graduate study both here and abroad.

Varied Background

Mr. Schultz is president of the Santa Ana College Faculty Association, and is a member of the Board of Governors of the California Junior College Faculty Council. He has served two terms as a member of Southern Section of the California Teachers Association Executive Council, and is a past president of the Santa Ana Teachers Association.

Completion of Dr. Johnson's administrative staff came with the appointment of Mr. Schultz to the deanship. Other members are Dr. Lester Beals, Dean of Students; Agness Todd Miller, Dean of Women; John "Sky" Dunlap, Assistant to the President; and Hazel Gish, Registrar.

NEW TOP administrators, Dr. John E. Johnson, on the left, and O. Carl Schulz discuss plans for coming year.

EL DON

"WITH ONE AIM — TO SERVE STUDENT AND COLLEGE"

Volume XXXIII

Santa Ana, California, Friday, September 20, 1957

No. 1

Safe Crackers Take Over \$100, Miss More

Thieves broke into the Student Union building early Tuesday morning and left with over \$100 in cash — taken from the Associated Student safe, the juke box and two soft drink machines.

The loss, which was fully insured, was relatively small, according to student Business Manager Dick Morris, due to the fact that student finances are banked daily. "Had

the safe cracking occurred several days ago," Morris said, "during registration, when larger sums are on hand, several thousand dollars might have been taken." Morris went on to say that "the thieves missed as much as they could."

After Midnight
Burglars entered shortly after midnight Monday, after custodians had cleaned and locked the building. They forced open a corridor window, then kicked out ventilation slats in two heavy doors, to enable them to reach through and turn the inside locks.

The safe, in Morris' office, was pried open with a heavy instrument and badly mangled.

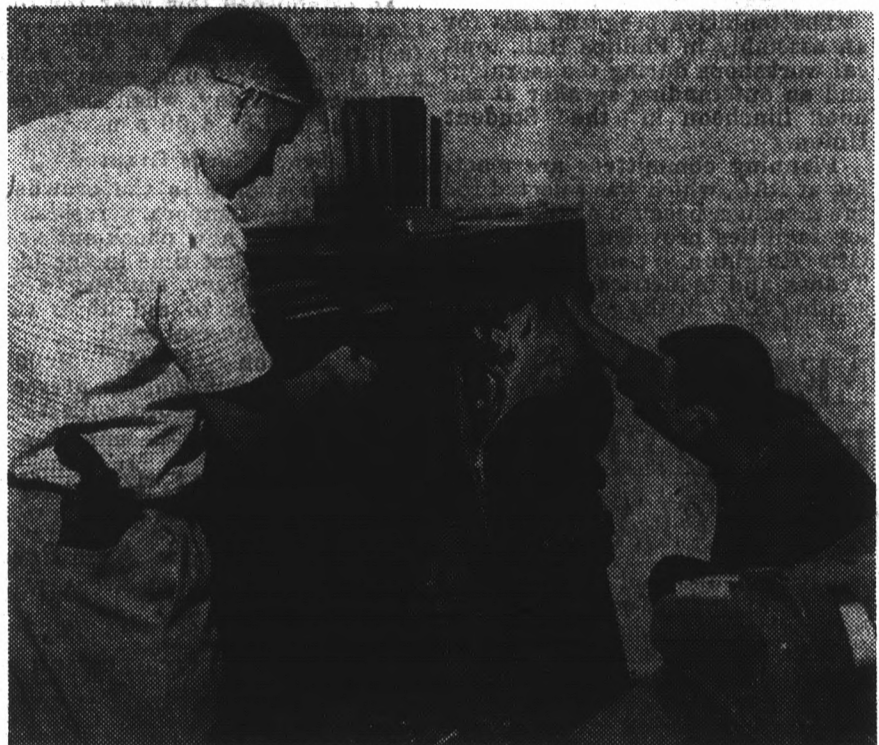

Blood spattered across the floor indicated that the thief was injured in the process.

Pried Open

Also opened were the juke box and two soft drink machines. Amounts taken from these have not been disclosed. They were pried open with a bar of some sort, police said.

The building has been illegally entered six times in the last three years, the most recent occasion being last March.

Suspects or leads on Tuesday's burglary, if any, had not been disclosed by police as of yesterday.

LIFTING PRINTS — Police Department Criminal Investigators Dave Ortiz, left, and Eddie Banks examine the mangled safe in the office of Business Manager Dick Morris. Ortiz is brushing for fingerprints.

COED, TWO MALES NAB LEAD ROLES IN MUSICAL 'BRIGADOON'

Mary Sullivan, Bert Taylor and Derry Kempf have been chosen to play the leads in the first production of the Santa Ana College drama season — "Brigadoon," a musical to be presented to mark the dedication of Phillips Hall.

Playing for five nights following the October 24 dedication, the musical stars Miss Sullivan as Fiona, Taylor as Tommy and Kempf as Jeff.

The cast was announced Tuesday after over 100 appeared at the tryouts. Director Lee Ford and Betty Lee chose cast and crews, with SAC instructor Isabelle Rellstab doing choreography and Music Director Rees Olsen handling the music.

"Brigadoon" handles the problems of two New Yorkers lost in the mists on the moors of Scotland.

Meg Brockie is played by Cora Fox, the role of Jean is handled by Jeanette Campbell, that of Larry by Simon Lamb, and Jane is played by Beverly Malinowski.

Others in the large cast include Beverly Showalter, John Marval, Jack Connor, Bill Glassman, Chuck Vining, Gil Terry and Bob Campbell.

"Brigadoon" wardrobe mistress is Marilyn Beard, and props will be handled by Sam Shafer.

Recently made into a movie starring Gene Kelly and Van Johnson, the hit musical handles such songs as "Almost Like Being in Love," "Heather On The Hill," "Go Home With Bonnie Jean," "Waitin' For My Dearie," and "There But For You Go I."

The plot involves the two New Yorkers who get lost in the mists, one falling in love with Meg, a girl of questionable virtue, who makes a play for the other — creating a complicated though hilarious, situation.

The musical will feature a chorus of 28, an orchestra, and six featured singers.

RECORD 2000 ENROLL HERE

With over 2000 students enrolled for the fall semester, Santa Ana College facilities are servicing a higher enrollment than ever before in the history of the college.

This record figure is more than 500 over the number registered at this time last year, and compares wondrously with the even two dozen "charter members" who saw classes open at SAC for the first time in 1916.

The even two dozen, however, dwindled to six by the time graduation ceremonies came around—all females.

Effects of the booming yearly enrollment? Added classes are offered each year to accommodate the larger number of students. A recent illustration of this: In addition to the number of classes pre-arranged for this semester, four sections in math, two English sections, two physical education and one psychology class have been opened. Additional faculty members have been provided to cope with these added classes — 16 new faculty members joined the SAC roster this year, bringing the total to 58.

The increased enrollment has directly affected student outlook. A large enrollment plays a big part in items such as school spirit, attendance at social functions —

Wives and husbands of regular Associated Student card holders will, for the first time in SAC history, be given a free "spouse" card which will admit that person to athletic contests and social activities; therefore enabling both members of the family to participate for the price of one.

"Spouse" Cards are available with A.S. Student Body Cards.

El Don Wins Top Editorial Honor

For the 26th time since its first publication 32 years ago, "El Don" has received the highest honor awarded to a bi-monthly college newspaper.

The Columbia Scholastic Press Association awarded a Medalist certificate to the publication last week, based on issues published during the fall semester of 1956. Under the editorship of Jim Davis, "El Don" was awarded 938 points out a possible thousand.

The award was made on the basis of content, writing and editing and make-up.

"El Don" has earned 32 top honors of this sort since its origin 32 years ago, from various organizations in the journalism field.

Davis, who is now Sports Editor on the La Habra Star, headed a staff consisting of Feature Editor Dick Lloyd, Sports Editor Connie Moore, feature writers Bill Glassman and Bob Matthews, reporter David Goldman and photographer Derek Lovett. Raymond Loynd was adviser.

Goldman is presently "El Don" Managing Editor, while Matthews is Feature Editor.

New Life Booms Over Long Beach State Invades Crammed Library Revitalized Campus Forces Books To Corners, Chairs, Ladders

By Maxine Harris

Displacing last year's moaned-about student apathy, the 1957 fall semester finds optimism spreading over the Santa Ana College campus — a spirit that hasn't been seen here for the past several years.

Why now? Prospects for a championship football squad are leading the way, with a greatly increased enrollment and a rash of new buildings contributing to the unity in campus spirit.

Joe Colleges are verbally pleased with an apparent increase in the number of attractive coeds crowding the walks, and SAC coeds themselves are doing their own neck craning.

Old and New Cheer

With Phillips Hall due to be dedicated next month, the Library and Fine and Graphic Arts buildings scheduled for an early spring finish, and plans for the college's first swimming pool expected to be approved momentarily, eager freshmen and returning sophomores are putting themselves into gear with vigorous cheers at pep rallies, boosted by coach Dick Hill's revitalized pigskin squad.

Expanded parking facilities fronting on Bristol St. have reduced most of the old moans about walking the 100 yards or so across the campus.

Everything's Booming

Both the Snack Bar and Dining Hall report a major increase in patronage, and SAC's social program got off to an excellent start with more than 300 attending the Hello Dance and Chuckwagon Supper last week.

The Freshman Orientation Day program and the first pep rally were well attended.

And so, headed by the expanded Santa Ana College athletic program, complete with new coaches and players, the 1957-58 school year bursts into bloom with a well-deserved "rah."

D. B. G.

Largest Faculty Begins Semester With Fifteen New Members Added

A faculty of 61, largest group ever to serve on the staff at Santa Ana College, began the fall semester to keep pace with the mushrooming enrollment.

Fifteen new instructors were on hand for the start of registration, but when eight new sections of closed classes were opened before the start of classes, four more instructors were obtained for Extended Day classes.

The new instructors are: William K. Barry, geology and geography; Robert Boyd, mathematics and basketball, from Alhambra; Mrs. Stella Chavos, chemistry, formerly associated with the Atomic Energy Commission and medical research department of the University of North Carolina School of Medicine; George Farrier, electronics, formerly a Marine instructor in electronics, with a laboratory in Garden Grove; J. C. Fikes, speech, from the Santa Ana Schools; Stanley Hayden, physical education, from Pepperdine College and Paramount schools; Dick Hill, head football coach and physical education, from Downey High School;

List Grows

Edgar LeVine, engineering, from San Antonio, Tex.; Donald Minnick, English, from Fresno State College; Mrs. Arlene Moore, assistant librarian, from Fullerton; Mary Hayes Pendleton, women's physical education and English, UCLA; Dr. Maurice Rinsling, psychology, Santa Ana practicing psychologist; Donald Rickter, chemistry; Dr. Frederick Swensen, foreign languages and philosophy, University of Brussels; and Ray Taylor, mathematics and physical education, University of Georgia.

Managing Editor David Goldman
Feature Editor Bob Matthews
Advertising Manager John Brady
Sports Editor Ken Esse
Women's Editor Carol Hyle
Photographers Bob Schlice, John Brady
Feature Writers Maxine Harris, Earle Truex, Darrell Bell
Reporters Roger Montanus, Dick Wyatt, Tony Cocchiara
Faculty Adviser Carl Venstrom

Printed 20 times during the school year by the Santa Ana City Schools, Division of Printing and Graphic Arts, Richard D. Smith, printing adviser.

Please do not panic. Long Beach State has invaded the Santa Ana College library. A portion of the library of the state college has been integrated into SAC's books in the space formerly occupied by the "Orange County Authors' volumes. No you can panic.

The "H" shaped barracks-type building on the south campus has allowed one

SAC Students To Join With County Leaders

Santa Ana College students in business administration and industry will have the opportunity of joining hundreds of successful management leaders Nov. 16 when the first annual Orange County Industrial Management Conference is held at SAC.

The tentative program calls for an assembly in Phillips Hall, topical workshops during the morning, and an outstanding speaker at the noon luncheon in the Student Union.

Planning committees are meeting at SAC, which was selected for the meetings because of the superior facilities provided on campus. Otis Knighton, Coordinator of Trades and Industries, is representing SAC in the arrangements.

NEARLY 500 ENROLLED IN LBSC CLASSES

Between 400 and 500 students will be attending evening classes offered by the Long Beach State College Residence Center on the Don campus, it was disclosed today by Dr. Paul Doss, Director of the new campus facility.

Fourteen classes of upper division and graduate courses are being offered at SAC as a convenience to teachers and others who have been commuting from Orange County to Long Beach to take classes leading to the elementary teaching credential. The branch in Santa Ana offers full credit for courses taken and will be operating from 4:30 to 10 p.m.

The LBSC office is in Building U, with classes using all of Building U facilities and other classrooms on campus.

Vet Enrollment Over 200 Mark

An expected enrollment of "between 200 and 250" veterans, according to veterans counselor Ernest Crain, will boost the number of ex-servicemen on campus to nearly the 285 enrolled at Santa Ana College during the fall semester of 1956.

Veterans are invited to join the SAC Veterans Club, under the direction of President Art Davidson.

In the line of V.A. benefits, Orange County Veterans Service Officer Ben Liebermann announced recently that a dependent child of a deceased veteran going to school after his 18th birthday is entitled to a special \$35 monthly payment if the mother, the veteran's widow, continues as his parent, or \$70 a month if the mother, too, is deceased.

Career Book May Interest Collegians

Collegians might take note of a book that has been published recently by Rittenhouse Press, Inc. It's entitled "WHAT YOU CAN EARN IN 250 DIFFERENT CAREERS."

It should be of great interest to many students, as it shows in detail the earning power of the individual vocations. Starting salaries are listed, as well as expected future salaries.

Some of the major fields covered are medicine, engineering, business, education, office occupations, and industrial trades.

Also included are 150 federal Civil Service positions.

its already crowded corners to become packed just a little tighter for the convenience of probationary teachers and other students working in this area from Long Beach State. Books and other reading matter are already using every possible space in the library rooms, including tables, chairs, and in a few isolated cases, step-ladders.

New systems and inhabitants having been settled in the library, it is now possible for that building to offer its services to extended day, adult, and Long Beach students along with the regular crew. New hours have also been established this year for the maximum use of the library's facilities. Doors open at 7:30 a.m. and close at 9:30 p.m. every week day except Friday, when the closing hour will be 4:00 p.m.

Library Cards Granted

Besides adding to the crowded quarters, the temporary residents necessitated a new check-out system. For the first time in the history of the library, student cards were given out to aid librarians in checking out material.

In addition to the 23,000 volumes in circulation, the present library offers a record collection

from which recordings may be checked out overnight. The collection offers poetry and drama selections in several languages, including French, Spanish, German and others. Many have an accompanying English text to aid translation.

New Library

To relieve the crowded conditions now existing in the library a new building is under construction in the center of the campus. It will offer more than just a little more elbow room to students. Plans include a typing room, the purpose of typing manuscripts or notes, a faculty room, and stacks which give students the opportunity to browse and choose what they need from the shelves. According to Miss Ruth Bradley, head librarian, the new building may be finished as early as August of 1958.

Two new members have been added to the librarian staff. They are Mrs. Arlene Moore, assistant librarian, and Mr. Robert H. representing Long Beach State. Mrs. Ina Bergsetter and Margaret Butler, evening librarians, and Miss Bradley are other librarians.

PREXY STATEMENT

From A.S. President Don Ward

This is THE year! All over campus a feeling of enthusiasm prevails. It was expressed by the large turnout at the Freshman Orientation assembly and by the capacity crowd at the Hello Dinner and Dance. I was glad to see these large turnouts and I sincerely hope that this spirit will continue throughout this school year.

Spirit is a big and important word to any successful school, but what is spirit if not participation in all school functions? I would like to see each and every member

of the student body at all the football games screaming at the top of their lungs, win or lose. This year the team is shaping up as the best in many years and they certainly deserve your support. Let's give it to them back them in every way.

When I speak of giving to the school, I don't mean only the major things such as class attendance (which is required), but the little things such as not throwing papers on the campus, keeping the student lounge clean and orderly and conducting yourself in such a manner as to bring credit to the school.

The Executive Board extends a hearty welcome to all members of the student body, both new and old. We sincerely hope your stay at SAC will be a pleasant and profitable one to be long remembered.

Thank You

Until 12 noon.

Socialite

By Carol Hyle

Well, to start the year off, Jerry Meador of SAC has announced his engagement to Lucile Conklin of Santa Ana. They plan an October wedding. Congratulations!

Women's service clubs at SAC will be directed by three Santa Ana Coeds during the next term.

President of Las Gitanas is Audrey Story, who succeeds Kay Hamilton of Orange.

Connie McKie will head Las Hidas during the Fall term. She succeeds Maudean Ross as president.

Las Meninas president is Marilyn Faccou, who succeeds Diane Lykke, also of Santa Ana.

Men Next

Successor to Gordon Lohre is Ernie Johnson, who will serve as president of Circle K Club for the fall term.

Derald Kempf, sophomore drama major from Anaheim, is new president of the College Players. Kempf succeeds Sam Shafer.

Bob Matthews, "El Don" feature editor will head the Press Club during the next semester.

Lots of old faces and some new models were seen at the Hello Dinner Dance in the student union shortly after school opened. I am also happy to report that a record crowd attended.

Johnson Hosts

New SAC head Dr. John Johnson gave the secretarial staff a boost a couple of weeks ago at his Santa Ana home, hosting a dip in the pool and a buffet lunch.

"Doc" Force made the trek to the altar again, with a quiet August wedding.

Last years big gun on the basketball squad, Bob Gilfoy, surprised campus followers by buzzing off to Las Vegas this summer and getting married. Know nothing about the lucky gal, but more later.

And as our ship sinks slowly into the west —

Alpha Rho Tau Art Club Plans Reorganization

Alpha Rho Tau, SAC art club, is presently being reorganized club adviser Miss Frances Egge said today.

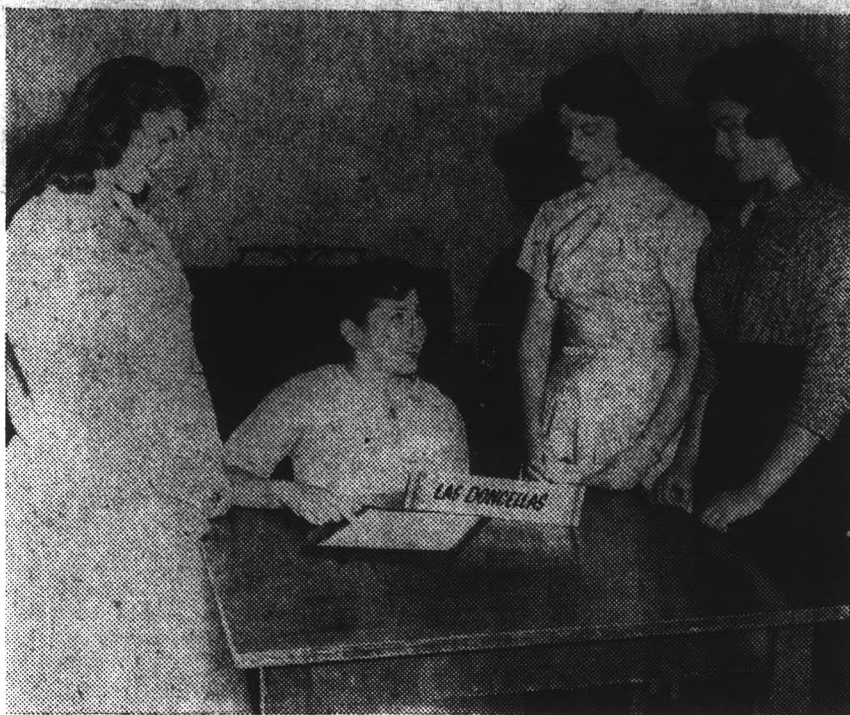

Included on the club agenda are several field trips. Suggested ideas are to the Huntington Gardens, Padua Hill's Art Center and trips to local artist's homes and studios.

During the spring semester the club members plan an evening in the city. In the past years this trip has started with dinner in one of the fashionable dinner spots and ended at the theater.

The art club plays host during Fine Arts Week here at the college. Alpha Rho Tau is responsible for designing displays, bringing in exhibits and, most important of all, inviting distinguished guests to be present.

The club functions in a similar manner for the All City School's Exhibit. Members help design and bring in exhibits of the students from the whole of the Santa Ana School system.

Membership in the club is open to those in the art department. Those interested in membership should contact Miss Egge as soon as possible.

WOMEN'S SOCIAL START — Four SAC coeds around the Las Doncellas representative Dolores Russell at recent A.W.S. "College Daze" Fete. Event hosted SAC women at first A.W.S. function of the year. From left to right are Sharon Doughty, Miss Russell, Lettie Mangram, and Kay Carstensen.

SEN. KNOWLAND SPEAKS HERE TOMORROW

United States Senator Knowland and his wife will be honored guests at a public reception given for them by the Federated Republican Women of Santa Ana in the Student Union tomorrow from 2 until 4 p.m.

Following a short speech by Knowland, citizens of the community and county will have the opportunity to meet and talk informally with him. Immediately preceding the reception will be a press conference when local reporters will have an opportunity to question the Senator.

Mrs. James Gallagher, president of the sponsoring organization, said that service clubs and city administrators in this area have been extended an invitation to attend the affair. The public is also invited.

This visit by Knowland is the second in a series of six sponsored by women's groups in this area. Yesterday he spoke to the

College Pool Plans Ready For Local, State Approval

College trustees are expected to give final approval next week to construction plans for the new swimming pool south of Cook Gymnasium, with completion expected by next spring.

The board already has given preliminary approval to the pool, which will be 75 by 100 feet in size, measuring both Olympic specifications and intercollegiate length.

Joint Use

The pool will be financed jointly by the City of Santa Ana and the school district. The facility will be used by the college physical education classes during the school months, and for recreation

purposes by the public during summer months.

Dressing room facilities will be provided in the existing men's and women's physical education buildings. An adjacent deckside area will be used for bleachers for spectators.

Versatile Size

The pool will range in depth from three feet in the shallow end to eight feet for swimming competition, and 12 feet for diving. Divers will have one-meter, three-meter and platform boards.

Plans have been prepared by the city recreation department and city engineer's office, in cooperation with college officials. Construction may take three months, following final approval of the plans by the State Division of Architecture.

SENATOR KNOWLAND

Southern California Republican Women in Los Angeles. Other appearances to be made in the next week are with the San Marino Women's Republican Club, the Women's Breakfast Club in Los Angeles, the North Hollywood Republican Women's Club and the Los Angeles Unit of Pro America.

reading room.

With Harold Gimeno as the architect, the two buildings are under a combined contract. The structures are the fourth and fifth major buildings of a \$2,000,000 building program at the college.

THROUGH THE LINE AND ONTO THE GRASS — Part of the large turnout at last week's Chuckwagon Supper and Hello Dance. Meal was served on the grass at the rear of the Student Union, followed by crowded Hello Dance in the Union. Event marked beginning of SAC social season.

Woods To Fill Board Vacancy

A.S. President Don Ward called together an informal meeting of the Santa Ana College Executive Board last Friday to appoint a Student Conduct Commissioner in place of previously appointed Hank Sporleder, who failed to register for the fall semester.

Different persons were suggested, along with the name of Roger Woods, who was appointed to the job.

Woods will be responsible for picking his own committee of four to work with him in issuing citations to parking violators.

It was also decided by the Board that during half-time exercises at athletic events, one or two of the clubs on campus will put on a humor stunt or skit in satire of the opposition. The clubs will be judged and points given to the winner, which will go towards a club trophy at the end of the fall semester.

Fowler, SAC Alumnus, To Handle Del Ano Photography

Albert Fowler Studios of Santa Ana will return to campus several times during the fall semester to take pictures of sophomores for the yearbook, Del Ano, following the photographing of more than 100 during registration.

Fowler, an alumnus of SAC, received the Del Ano contract this year and will process the pictures in his new studios next to the Broadway Theater.

Another Chance

Students who did not have identification photos taken during registration may obtain theirs in February during registration. These pictures are used for the freshman section of the yearbook.

An innovation this year was the scheduling of the College Publications Class in the Extended Day division, to enable more students to participate on the staff. Assuming new duties as the instructor was John "Sky" Dunlap,

Director of Community Relations and former newspaperman.

Volunteers Needed

In addition to those enrolled in the class, volunteers are needed for daytime staff assignments, particularly from among students who had yearbook experience in high school. Those interested should contact Mr. Dunlap in the News Bureau office, G-75.

Del Ano will have 160 pages, many pictures, and full coverage of all campus events. Copies are given free to holders of Associated Student tickets.

Phillips Hall To Open Next Month

The dedication of Phillips Hall, containing SAC's new drama, speech and music facilities, will be held Tuesday, Oct. 22.

Ground has been broken for the new Library, Fine, and Graphic Arts Buildings at SAC, with completion set for the spring semester.

The three classroom wings of the Fine-Graphic Arts structure will house classes and laboratories for art, publications, journalism and languages, with utilization of patios between the wings. The L-shaped Library embodies the plan of enabling students to have access to the book stacks off the

DON SPORTS

Faculty-Student Tilt Tops Sports Tonight

Tonight's Santa Ana College Sports Night feature event will be a volleyball game between the students and faculty. Also included in the activities will be table tennis and a generous portion of social dancing, always an added attraction.

The doors of Cook Gymnasium will open at 8 o'clock and close by 11.

The event is being sponsored by the Womens Athletic Association, Associated Women Students and Associated Men Students.

Admission will be twenty five cents for those holding student-body cards and those who do not carry the AS card will be charged thirty five cents.

This event figures to be a continuation of the Hello Dance, which will give everyone another chance to meet some of the students on campus.

Tennis shoes are a must on the main gym floor. In the east end of the gym where the dancing will take place shoes will be permitted. Bermuda shorts, slacks, sweat shirts and the like should be worn.

Alumna Mary Pendleton returns to SAC to work with Isabel Rellstab in the Physical Education Department.

31 HOPEFULS REPORT FOR BASKETBALL

New cager coach Bob Boyd reported today that those interested in trying out for the Dons basketball squad should report to the gym Monday afternoon. So far 31 have reported for the conditioning drills this past week.

Coach Boyd claims that any one who tries out and proves himself a ball player will not be cut from the squad whether there be 31 or more.

Only one returning letterman, Bob Gilfoy, has reported for the workouts. Gilfoy was one of Santa Ana's starters and high point man last season.

When asked what makes up a good team, Boyd stated, "any team depends on how much work the coach does during the summer. He must get to the boys, who want to play ball and live in the school district, and encourage them to continue their education and play ball."

Talking Sports

with Ken Esse
El Don Sports Editor

Do you collegians plan on doing anything about boosting the tremendous school spirit that this situation (I use the word loosely.) needs so badly? Get with it. The first thing you've got to do is to start off by joining me at the first pep rally, which will be held Thursday, September 26, in the new auditorium. This'll be your chance to really let the team and coaches know that you're behind them one-hundred per cent. At the first rally each player will be introduced to you, and head coach Dick Hill will tell you just what to expect of the ball club—quite a bit this year.

Our next big step in creating the word spirit is to get out to see the games and yell your heads off for the team!

So, it students of SAC, with the fine football team we have representing us, there's no reason in the world why this campus shouldn't have the finest school spirit in the Eastern Conference.

Our cheer leaders and song leaders have been working hard on new yells and techniques so that it will be easier for us to yell louder and better than ever before.

Okay, I've said my piece on the big word, spirit, and believe me, you have not heard the end of it as long as we have the fine teams, the coaches, and the student body. Spirit is what will make or break our campus, and I for one will not stand by and watch it break!

Coaches, Co-captains Meet Football Club

New coaches and Don captains were among the honored guests this week when the Santa Ana Second Guessers Club opened a series of Monday night dinner meetings on the SAC campus.

Head Coach Dick Hill spoke on SAC's prospects and introduced his assistants, Stan Hayden, Ray Taylor and John Ward. Co-captains introduced were Dave Hurlburt, George Dena and Max Darrow.

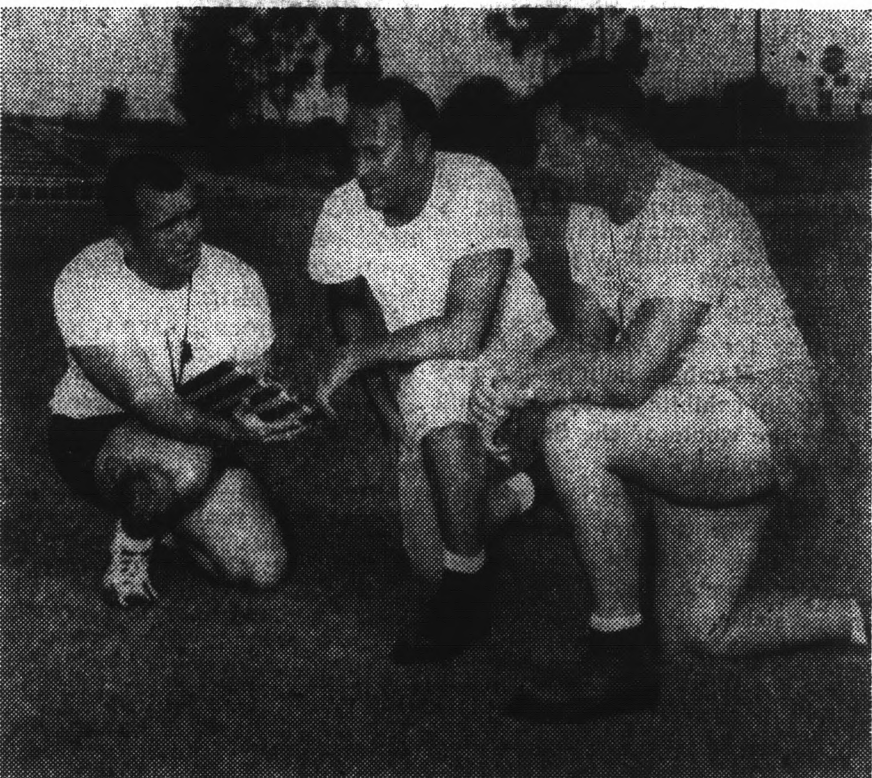

Athletic Director Bill Cook, head coach for the Dons for 26 years before his retirement in 1953, was another speaker. Greetings to the men's booster club were brought by Dr. John E. Johnson, SAC President.

Members on the Don varsity will be guests at later meetings.

RETURNING LETTERMEN

DON STALWARTS — Pigskin co-captains Max Darrow, left, Dave Hurlburt, center, and George Dena get together with coach Dick Hill. Hill is giving quarterback Dena some passing pointers.

THE BIG THREE talking over pigskin strategy that is expected to help put the Dons on top of the conference this season. Head Coach Dick Hill, on the left, is flanked by Ray Taylor as end coach, center, and line coach Stan Hayden.

NEW COACHES HEADED FOR CHAMPIONSHIP

Santa Ana College's new pigskin mentor, ex-Downey coach Dick Hill, is looking forward to his first season at SAC.

Hill brought eight members of his co-CIF champion Downey squad to SAC to form the nucleus of this year's squad, which promises to be the best since 1949 when the Dons went to Pasadena's Little Rose Bowl.

In his collegiate days Hill starred at Compton and Pepperdine, playing in the Little Rose Bowl for Compton.

Working with Hill this year will be Stan Hayden and Ray Taylor. Assistant coach Hayden is coaching the interior linemen and Taylor is instructing the backs and ends.

Laguna's All CIF O'Brien Joins Don Pigskin Squad

After returning from a tour of Europe with three others, Bill O'Brien, Laguna Beach prep star, joined the Santa Ana Dons football squad yesterday.

Coach Hill feels that O'Brien will be of much help to the Dons in adding to the depth of the backfield.

While playing three years of high school football, O'Brien was voted All-League, All-CIF, and was voted the most valuable player in the Orange League.

Upon returning from a motor bike tour of Europe, O'Brien had originally planned to join the ranks of Uncle Sam. These plans were changed at the last minute, so Bill is now wearing the red and black of Santa Ana College.
